SUMMARY

Full Stack Developer with 6+ years of experience in designing and developing scalable web applications using **Java-Spring Boot**, **ReactJS(Typescript), and NodeJS(Typescript)**.

Strong expertise in building **RESTful** and **GraphQL** APIs, **Cloud-native** applications, **Micro-Services**, and **Event-driven** systems. Proficient in system design, CI/CD pipelines, and cloud services (AWS, Azure, GCP). Adept at problem-solving, architecture design, and team collaboration, with experience across **Finance, HR, Education, and Healthcare domains**.

TECHNICAL SKILLS

Programming Languages:-

- Java, JavaScript, TypeScript, Node.js

Backend Technologies & Architecture:-

- **Spring Boot**, **Spring Security**, **Spring AI**, Spring MVC, J2EE, Hibernate,
- **Express.js**, Next.js, Nest.js
- **Microservices, REST, GraphQL,** gRPC

Frontend Technologies:-

- **React.js/TS**, Redux, TailwindCSS, Electron.js

Cloud & DevOps:-

- Git, **Linux**, **Docker**, **Kubernetes**, **Helm**, Terraform, Jenkins, **Bitbucket/Github Pipelines**
- **AWS** (EC2, ECS, S3, Lambda, CloudFront, CloudWatch, API Gateway)
- Azure (Blob, MSAL OAuth, Service Bus, Index Search)
- GCP, Firebase, Supabase

Databases, Queues & Tools:-

- **PostgreSQL**, Oracle, MySQL, MS-SQL, **MongoDB**, Cosmos DB
- **Redis**, **ElasticSearch, Apache Kafka, RabbitMQ**
- **Prometheus, Grafana, Loki, Tempo, Kibana**

Testing & Utility:-

- **JUnit, Mockito, AssertJ**
- Jest, Cypress, Playwright

PROFESSIONAL EXPERIENCE

Software Engineer | **Emirates National Bank Dubai (GSS)** | Feb 2025 – May 2025

1. Worked on banking domain software focusing on **Java, Spring Boot, React(TypeScript), and Microservices**.
2. Implemented registration with Debit cards for the Egypt region

Senior Software Engineer | **Zalaris HR Services Pvt Ltd** | Dec 2022 – Jun 2024

1. Developed and maintained **Helpdesk Ticketing Service** using Java Spring Boot, React(Typescript), and Node.js.
2. Built microservices for **Notifications, Feedback, CMS, and Azure Services**.
3. Integrated **OAuth (MSAL, Signicat)** and GDPR compliance.
4. Implemented **CI/CD with Docker and Kubernetes**, reducing deployment issues by 35%.
5. Implemented the SAP Sync Queue service & resolved missing tickets
6. Improved CMS API response time by **20%** using **Elastic Search**

Software Engineer | **GradGuide (The Scalers)** | Oct 2021 – Sep 2022

1. Built a **Jobs & Mentorship Platform** using Spring Boot, React(TypeScript), Node (Typescript-NestJS), GraphQL, Prisma, and PostgreSQL.
2. Migrated MVP from **Firebase to AWS**, enhancing scalability.
3. Designed microservices for **Auth, Jobs, and Notifications**.
4. Implemented Redis cache, improved response time by **30%**.

Full Stack Developer | **Durvah IT Consulting Pvt Ltd** | Sep 2019 – Oct 2021

1. Developed **Imprezz (Invoicing, GST, POS app)** using Spring Boot, React(Typescript), Node.js(Typescript), PostgreSQL, Docker, Kubernetes.
2. Developed mVBRI (Rehabilitation Health App) using React, Node.js, PostgreSQL, AWS
3. Implemented **multi-tenant architecture** and integrated **Razorpay, Chargebee, Intercom, and Fixer**.
4. Reduced invoice generation time by **40%** with optimized services(Cache & Queues).

Software Engineer | Uttara Info Solutions Pvt Ltd | Apr 2018 – Aug 2019

1. Developed **Learning Portal & Desktop App** using Java Spring Boot, React, Electron.js, Oracle, Redis.
2. Built authentication, backend APIs, and **cross-platform desktop apps**.

KEY PROJECTS

Helpdesk - Ticketing Service (HR Domain) | Zalaris

1. **Tech Stack:** Java Spring Boot, React(Typescript), Node(Typescript), MongoDB, PostgreSQL, Azure, Docker, K8s
2. Designed microservices for **Notifications, CMS, and File Storage (Azure Blob)**.
3. Implemented **ElasticSearch + Azure Index** for fast searching.

GradGuide – Jobs & Mentorship Platform | The Scalers

1. **Tech Stack:** Java Spring Boot, React(Typescript), Node(Typescript), GraphQL, Prisma, PostgreSQL, AWS, Docker
2. Integrated APIs (SendBird, SendGrid, Intercom, Vimeo, Calendly).
3. Built features for **Video Mentorship, Job Portal, and Career Fairs**.

Imprezz – Invoicing & POS App | Durvah IT

1. **Tech Stack:** Java Spring Boot, React(Typescript), Node.js(Typescript), PostgreSQL, Redis, ElasticSearch, Docker, Kubernetes
2. Implemented **multi-tenant architecture** and **subscription-based features**.
3. Integrated payment and subscription services (Razorpay, Chargebee).

Education

Bachelor of Computer Applications | Annamalai University | | Apr 2019 – Aug 2022
